I would first like to give thanks to the club for their invitation to judge and hospitality throughout. Their hard work was evident in the success of the show. Alongside this I must thank my stewards, Elisha & Linda, for keeping the ring running smoothly.

I had an entry of 56 dogs with 58 entries, my heartfelt thanks to those who entered under me and took my decisions graciously. I was pleased with quality across the board, particularly in bitches. I did have slight concerns over mouths, with many underbites found from beyond puppy classes - something to be mindful of going forward. On a positive note I was pleased to see so many veterans out today, many could teach the youngsters a thing or two!

Limit Bitch (3,0)

The strongest class of the day with three pleasing bitches.
